# ISCB GMDS 2026

27.09. - 01.10.26 FREIBURG | GERMANY

Ready to **challenge** paradigms,  
and imagine **what's next** for  
medical data science?

**How small is small data** when  
medicine is involved, and who has  
the tools to make sense of it?

Could real progress in  
personalized medicine start by  
uniting **data science disciplines**  
in one conference room?
