3. Navigate to Start >> Presentation Upload

ISCB GMDS 2026

Freiburg, Germany Sept 27 - Oct 01 2026

4. Click on „Upload documents“

Presentation upload

This page allows you to upload presentation files for accepted submissions. Please pay attention to the file size and compress files before uploading.

We save uploaded files externally to provide easy access from the presenting computer:

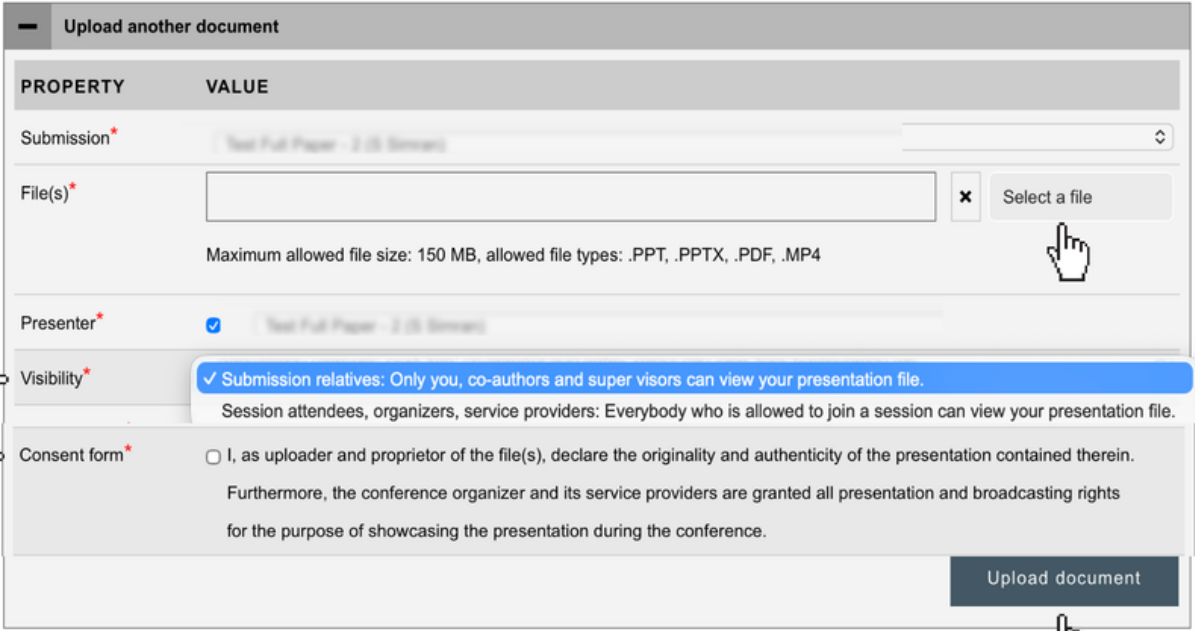

Uploaded videos will be hosted on 'Vimeo'.

5. Click on „Select a file“ to upload your document and verify the correct presenter is chosen from the list.

Choose the visibility setting that best matches your preference. With the second option you allow all conference attendees to access your presentation through the conference app.

Tick the consent checkbox to confirm the authenticity of your presentation and to grant the conference organizers permission to use it for conference presentation and broadcasting.

The screenshot shows a web form titled "Upload another document". It contains several fields and a table of properties. Annotations with hand icons point to the "Select a file" button, the "Visibility" dropdown, and the "Upload document" button.

PROPERTY	VALUE
Submission*	Test Full Paper - 2.05.2020
File(s)*	File selection area with a close button (x) and a "Select a file" button. Maximum allowed file size: 150 MB, allowed file types: .PPT, .PPTX, .PDF, .MP4
Presenter*	☒ Test Full Paper - 2.05.2020
Visibility*	Dropdown menu showing two options: ☒ Submission relatives: Only you, co-authors and super visors can view your presentation file. ☐ Session attendees, organizers, service providers: Everybody who is allowed to join a session can view your presentation file.
Consent form*	☐ I, as uploader and proprietor of the file(s), declare the originality and authenticity of the presentation contained therein. Furthermore, the conference organizer and its service providers are granted all presentation and broadcasting rights for the purpose of showcasing the presentation during the conference.
